

Patient's Consent to Publication

Journal Title: Journal of Neonatal Surgery

Title of Manuscript: _____

No. of Figures: _____

Patient Name: _____

Address: _____

By signing this consent form I confirm that this consent has been, verbally and in writing, explained to me and I allow/consent use of these photographs, medical record including case history, examination findings, investigation reports, treatment given, outcome details, and any other relevant details of myself or whose I am legal guardian [Patient name given above] to be used in medical publications, including print and electronic forms (on internet). I understand, after publication, these figures and clinical details may not be fully removed even if I wish to retract my consent and that these figures and clinical details will be seen/read by anyone including also general public, doctors, nurses, scientists, and researchers for their professional education and needs. I also understand that the journal will not publish my identity details like my name, address, or my full face (without masking eyes), but still someone can identify me or whom I am a legal guardian. I also agree that the figure or clinical details can be used for teaching purpose or as a medical record and others can also use this material as per journal copyrights and licensing information. I also understand that no payment will be given to me for signing this consent.

I hereby agree to release and discharge authors, and any editors or other contributors and their agents, publishers, successors and assigns from any and all claims, demands or causes of action that I may now have or may hereafter have for libel, defamation, invasion of privacy, copyright or moral rights or violation of any other rights arising out of or relating to any use of my image or case history.
